

Renaissance of the Sacred Feminine

Re-Dreaming the magical Link Between the Land, Sky, Soul and Spirit

Join Full Moon Sanctuary of Venus Rising and the Shamanic Astrology Mystery School for 8 Days & 8 Nights on the Scottish Isle of Lewis, home of the **CALLANISH STANDING STONE COMPLEX, SCOTLAND**

**Sunday April 13th
through Monday April 21st, 2014**

This is a time of the renaissance of the Sacred Feminine. Only recently in human history have hierarchical patriarchy, patrilineal family structure, and monotheistic religions dominated the planet. A foundational principle of Shamanic Astrology is that the universe is, in essence, Female. And the Divine manifestations of the One Reality are her actional expressions. Her names include Shakti, Ananke, Boand, Great Mother, etc. Until recently this knowledge and experience permeated the entirety of global humanity. A favorite is Great Mother~Great Mystery.

“Renaissance” means to go back to the prior truths in order to inspire and re-animate (rebirth) the new era. We will experience this through the magical link between the land and the sky, which is the literalization of the hermetic dictum “As Above So Below, As Within, So Without.” The Shamanic Astrology Mystery School also re-dreams the Sacred Feminine by invoking and reenergizing the full spectrum of the feminine in both women and men. This includes the welcoming and recognition of the new expressions of the Goddess and God that are emerging at this time of the Turning of the Ages.
